

Download A New History Of Western Philosophy

Anthony Kenny

Sir Anthony John Patrick Kenny FBA (born 16 March 1931) is an English philosopher whose interests lie in the philosophy of mind, ancient and scholastic philosophy, the philosophy of Wittgenstein and the philosophy of religion. Western philosophy is the philosophical thought and work of the Western world. Historically, the term refers to the philosophical thinking of Western culture, beginning with Greek philosophy of the pre-Socratics such as Thales (c. 624 – c. 546 BC) and Pythagoras (c. 570 BC – c. 495 BC), and eventually covering a large area of the globe. In the Western tradition, ancient philosophy was developed primarily by Socrates, Plato, and Aristotle. Ancient philosophy, however, also includes the Pre-Socratics, Hellenistic philosophy, and Roman philosophy. Falsafah Barat ialah pemikiran dan kerja falsafah Dunia Barat atau 'The Occident', berbeza daripada falsafah Dunia Timur ('Orient') atau jenis-jenis falsafah asli (pribumi). - A New History Of Western Philosophy Anthony Kenny
