Why Is Silicon Valley So Awful to Women? Tech companies are spending hundreds of millions of dollars to improve conditions for female employees. Women have made significant contributions to science from the earliest times. Historians with an interest in gender and science have illuminated the scientific endeavors and accomplishments of women, the barriers they have faced, and the strategies implemented to have their work peer-reviewed and accepted in major scientific journals and other publications. The women settled into a routine as well. The hung up a clothesline to dry their towels, then proceeded to sunbathe and squabble. Because unlike men, women were unable to do anything without consensus of the whole group. A lot of young men today lack role models. Even the shrinking proportion of men with fathers in their lives sometimes witness bad examples or receive poor advice: be yourself, it will just happen, one day a girl will like you as much as you like her, etc. -
