The links below will take you directly to my book review for each book listed. They do not take you to any outside website. Within each book review, I often will direct you to where you can find the book online for purchase. Glass container production Glass container factories. Broadly, modern glass container factories are three-part operations: the batch house, the hot end, and the cold end. The batch house handles the raw materials; the hot end handles the manufacture proper—the forehearth, annealing ovens, and forming machines; and the cold end handles the product-inspection and packaging equipment. Sewing Pattern making tutorials – Design and sew your own clothes. You have two choices now that you have decided to make your own clothes – either make your own patterns with the help of tutorials in this site or buy commercial sewing patterns. Both are good but making paper patterns is a little bit more adventurous than getting ready made pattern. Lia Griffith is a designer, maker, artist, and author.
